Welcome to our little Restaurant *Hos Tetzlaff*

We opened our little Restaurant on January 25, 2007. It all started with Niels getting a bright idea. He told his mother Birgitte about the idea and they decided to open a restaurant together.

Long story short; Niels and Birgitte wanted to create a different restaurant from any another restaurant ever seen. Delicious homemade food, takeaway and catering, homemade salads, burgers, Danish specialities and so on.....

Our restaurant is under constant development and the customers are very involved in this giving us both good and bad criticism and ideas all the time.

We call it "Hos Tetzlaff" because we invite you to be our guest as you would be at our home. It means "At Tetzlaff". Tetzlaff is our family name dated back to 1813 from a Danish Carpenter named Johan Tetzlaff working in Copenhagen. Most likely the name comes from Pommern in Germany near the Polish border.

Once again - welcome!

Served from 10-14
